

With The Nevada Economy Burning,  
Does **SHEILA LESLIE**  
Have Your Best Interests In Mind?

**NEVADANS**

**DESERVE**

**BETTER**

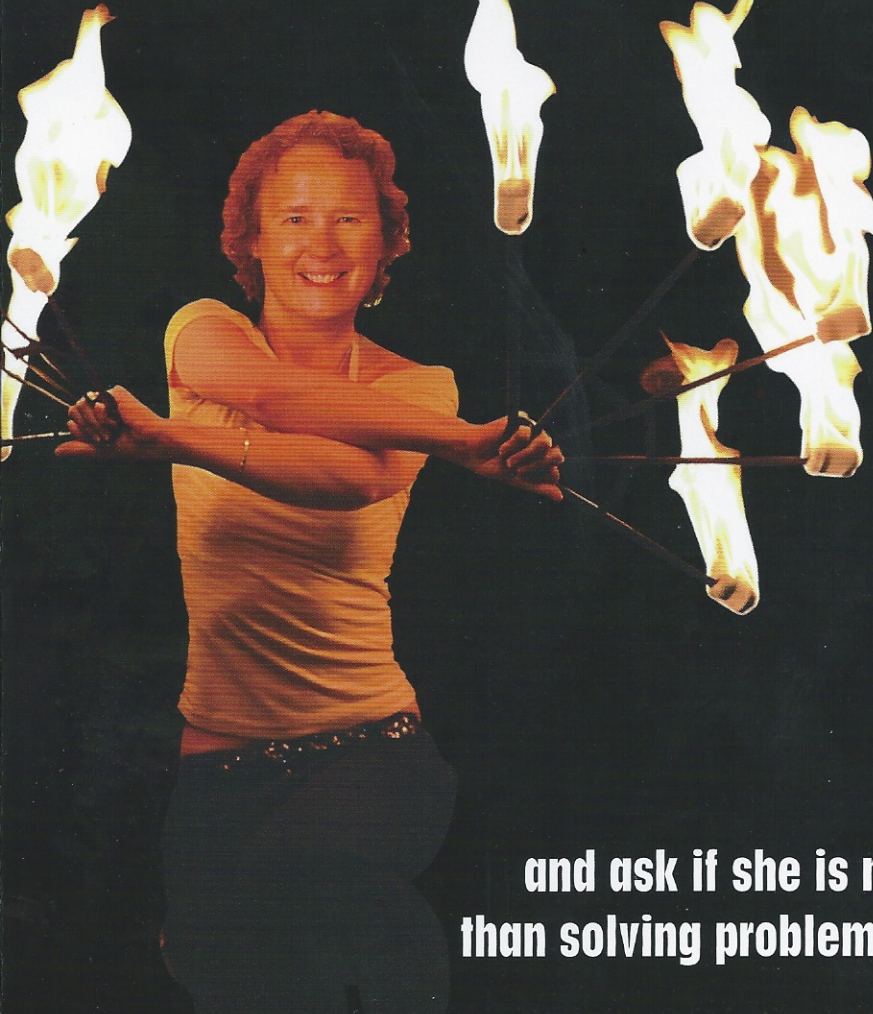

In one of the toughest economies on record, Carson City politicians were focused on licensing **"FIRE PERFORMERS"** instead of solving real problems.

The fire-breathing legislation **AB304** requires a **FEE** for those who wish to register their act. A proposal that leaves you scratching your head asking, **"WHY?"**

Carson City's

**FRIVOLOUS SPENDING**  
& **ABSURD LAWS**

have gone far enough.

Call

**Sheila Leslie**

**(775) 333-6564**

and ask if she is more interested in job-killing fees than solving problems for Nevada's working families...

## NEVADA

### About AFPNV

Americans for Prosperity is a grassroots movement of over 2 million activists nationwide who advocate and promote limited government, lower taxes, and more freedom. We have over 40,000 activists across the state of Nevada who are taking action every day on behalf of the free

market movement and influencing decision makers. Whether it's calling members of Congress, gathering with fellow activists, or attending an AFP event in their neighborhood – AFP activists are making a difference in the fight against big government on the local and national level.

### 40,000 Activists State-Wide Fighting For:

-  A Limited, More Efficient Government
-  Lower Taxes
-  Business Owners Crippled by Regulations

Paid for by Americans for Prosperity
